POETRY.

LORD BYRON'S STUDY, AT DIODATI, NEAR GENEVA.

BY MRS. HEMANS.

THE room was darkened—for the shadowy
glance
Of evening's eye was closing o'er the earth,
Fit hour to raise th' inspired poet's trance,
And give mysterious fancy a new birth;
There lay the page, with splendid deeds of
worth
Of times long passed in truth or fiction's lay,
Which spoke of joy, of chivalry, and mirth,
Whose winged spirits, though they'd flown
away,
Still lov'd to wander back and linger while
they may.

And then, like shadows of Eternity,
The shivered moonbeams on the casement fell;
The features of the dead hung round on high,
Which made more secret the sweet silent
spell;

And music too, that loves to come and dwell
Within the poet's habitation, spoke
From an Eolian lyre that staved to tell
To every wind that o'er the mountain broke,
The same sad tale it told when Zephyr first
awoke.

And oft at intervals the mournful sound
Of sighing billows struck the distant shore,
As if to make, by each repeating bound,
Dim visions of the days long gone before,
And mingle with the poet's mystic lore
The golden waves of Memory's painted stream,
And gild his fancy with them, till the store
Of wild and dazzling thoughts shall form a
dream.
So bright that earth's own legends from heaven
shall seem.

GOD AND HEAVEN.

BY J. BOWRING.

The silver chord in vain is snapped,
The golden bowl is broken,
The mortal mould in darkness wrapped,
The woods funeral spoken;
The tomb is built, or the rock is cleft,
Or delved is the grassy eld,
And what for mourning man is left?
O what is left—but God!

The tears are shed that mourned the dead,
The flowers they wore are faded;
The twilight dun hath veiled the sun,
And hope's sweet dreamings shaded;
And the thoughts of joy that were planted
deep,
From our heart of hearts are riven;
And what is left us when we weep?
O what is left—but Heaven!

Twenty-Third Congress.

FIRST SESSION.

IN SENATE, Wednesday, June 18.—
The General Appropriation Bill was
taken up, when a long and interesting
debate took place thereon, in which
Messrs. Webster, Preston, Forsyth,
Clay and Grundy, participated. Seve-
ral amendments were concurred in, and
others were pending, when the Senate
adjourned.

HOUSE.—The amendments of the
Senate to the bill for regulating the va-
lue of foreign Silver Coins in the U. S.
was concurred in, and the bill only
wants the signature of the President to
become a law.

A Message was transmitted by the
President of the U. S. communicating
official information of the unfortunate
accident at Toulon. It appears that
three of the guns of the frigate United
States had been inadvertently left shot-
ted, all of which were discharged dur-
ing the salute, and most of them directly
into the French ship of the line Suffren,
by which two men were killed, and two
wounded. The President recommends
to Congress, that pensions be authoriz-
ed for the families of the unfortunate
victims of the accident.

The residue of the day was occupied
in the discussion of the Harbor Bill, and
the Fortification Bill.

Several amendments were offered to
these bills, but before any decision was
had, the House adjourned.

IN SENATE, Thursday, June 19.—
The Vice-President presented a com-
munication from the Secretary of the
Senate, enclosing a supplemental list of
petitions, public meetings, &c. both for
and against the removal of the deposits,
and the re-charter of the Bank of the
United States, since the 18th of May.

HON. E. R. POTTER.

Mr. Clayton, from the Committee on
the Judiciary, to which was referred the
resolution providing for the compensa-
tion of the Hon. Eliza R. Potter re-
ported the same to the Senate, with a
request that the committee be discharg-
ed from the further consideration of the
subject.

Mr. C. then explained the reasons
why the committee reported against the
allowance of compensation to Mr. Potter.

After some conversation between Mr.
Wright Mr. King of Alabama, and Mr.
Clayton, upon a point of order, the com-
mittee was discharged.

Mr. Wright then submitted an amend-
ment to the resolution, with a view of
testing the sense of the Senate as to the
allowance of pay to Mr. Potter, instruct-
ing the Committee on the judiciary to
report a bill making the allowance, upon

which he asked the yeas and nays;
which were ordered.

Mr. Clay and Mr. Clayton opposed
the amendment.

Mr. Webster thought Mr. Potter was
entitled to on day's pay and mileage,
which ought to be provided by law.

Mr. Wright briefly supported the
amendment.

Mr. Knight was in favor of allowing
an equitable compensation to Mr. Potter
to be provided for it an appropriation bill.

After some further remarks from Mr.
Bibb, Mr. Knight, Mr. Clay, and Mr.
Tallmadge, the question on the resolu-
tion, as amended was determined in the
affirmative by the following vote:

Yeas 24, nays 22

The special order, being the bill to
provide for the indemnification of Ameri-
can citizens, who had suffered by French
spoliations, previous to the year 1809,
was then taken up for consideration.

Mr. Forsyth moved to postpone the
further consideration of the bill, until
the next session, and called for the Yeas
and Nays on that motion; which were
ordered.

Some discussion took place, in which
the motion was sustained on the ground
that the session was so far advanced,
that the discussion of the bill now would
only be a useless expenditure of time,
as it was impossible that the bill could
become a law. On the other side, it
was insisted that much would be gained
if the bill could only be passed through
the Senate; although there was no reason
to believe that the House also could
not pass it; and that the length of time
that these claims had been due, rendered
it proper, that some final action should
take place on them, Mr. Webster, Mr.
Chamber, and Mr. Sprague, took the
ground in favor of present action on the
claims; and Mr. Tyler, Mr. Pondexter,
Mr. Calhoun, Mr. Bibb, Mr. Clay, Mr.
Benton, and Mr. Tallmadge, spoke on
the other side.

The question was then taken on the
motion to postpone, and decided as fol-
lows:—Yeas 24, Nays 21.
So the bill was postponed to the next
session.

General Appropriation Bill.

The Senate then resumed the consi-
deration of the bill making appropri-
ations for the civil service of the United
States for the year 1834.

The question being on the last amend-
ment reported by the Committee on
Finance, as heretofore recited—

Mr. Southard moved to amend the
amendment by adding the words;

“And provided further, that the said
Collectors, Naval Officers, and Sur-
veyors, shall render an account quarter-
ly to the Treasury, and the other offi-
cers herein named and referred to, shall
render an account quarterly to the re-
spective Collectors of the Customs where
they are employed, to be forwarded to
the Treasury, of all the fees and emolu-
ments whatever by them respectively
received and of all expenses incident
to their respective offices, which ac-
counts shall be rendered on oath or
affirmation, and shall be in such form,
and be supported by such proofs, to be
prescribed by the Secretary of the
Treasury, as will, in his judgment, best
enforce the provisions of this section,
and show its operation and effect.”

The amendment was accepted by Mr.
Webster

After some further amendments, and
discussion of the bill, the Senate ad-
journed

Harbor Bill.—The consideration of
the bill making appropriations for the
improvement of certain harbours and
rivers, was resumed.

A great number of amendments were
made to the bill when Mr. Marshall
moved that the bill be laid on the table
which was carried by a vote of yeas 104
nays 63.

Fortification Bill.

The next bill in order, was the appro-
priation bill for Fortifications.

Mr. White, of New-York, moved
that the bill be postponed, which was
lost, yeas 77, nays 102

The several items of the bill were
then taken up.

Mr. Polk moved to amend the bill by
striking out the item appropriating \$34,-
000 for Fort Independence, in Boston
Harbor, and inserting in lieu thereof,
\$17,594; which was agreed to.

He then moved to strike out an item
of \$100,000 for the Fort on George's
Island, also in Boston Bay.

Mr. Gorham opposed the motion, and
went into an explanation of the situation
of the proposed fort, and the exposed
situation of the City, Navy Yard, &c.,
without it. It was a fortification of the
first class; reported in 1813, yet almost
nothing was done towards its rectification
to this day.

Mr. Polk explained the grounds of his
motion

The debate now extended itself to the

general policy of the Government in relation to Fortifications, and became unusually animated and pointed. Several members participated in the debate, among whom were Mr. Davis of S. C., Mr. Crockett, Mr. Polk, &c. when at 7 o'clock the House adjourned without deciding any question.

IN SENATE, Friday, June 20.—Mr. Southard, from the Committee on Naval Affairs, reported the following bills, which were severally read, and ordered to a second reading:

A bill to authorize the transfer of appropriations made for the naval service of the United States, from one object to another;

A bill making certain changes in the titles of officers of the Navy;

A bill to establish a Naval Academy;

A bill to establish and regulate the Naval ration;

A bill to provide for the enlistment of boys for the Navy;

A bill to establish and regulate a fund for the benefit of widows and orphans of warlike officers and seamen of the Navy of the United States; and

A bill granting such pensions to the wounded French seamen, and to the families of those who were killed on board the French ship *Suffren*, in consequence of the American frigate *United States* accidentally firing into her in the harbor of Toulon, as are granted by the regulations of the United States' Navy Pension Fund.

This last bill having been ordered to a second reading, Mr. Southard hoped the Senate would, by general consent, permit it to be read the second time at once, for the purpose of expediting its final passage.

Mr. Bibb moved to amend the bill, by increasing the pensions granted to \$20 per month in each case. After discussion and before any question was taken on the amendment Mr. Southard moved to lay the bill, for the present, on the table; which motion was agreed to.

The Chair presented a report from the Secretary of the Treasury, in answer to the resolution of the Senate, of the 17th instant, relative to the officers of the Customs.

Mr. Benton presented the petition of Francis P. Blair, in reply to certain parts of the report of the Committee on the Post Office and Post Roads, by which he conceived himself implicated, which, on motion of Mr. B. was laid on the table and ordered to be printed.

On motion of Mr. Wilkins, the Senate proceeded to the consideration of Executive business, and, when the doors were opened—Adjourned.

HOUSE.—Mr. Polk, from the Committee of Ways and Means, reported a resolution, proposing to make the bill regulating the deposits of the money of the United States in certain local banks, the special order for 12 o'clock this day.

The Speaker decided that the resolution could only be received by suspending the rule for that purpose.

Mr. Polk accordingly moved a suspension of the rule; which motion was decided in the affirmative—Yeas 114, Nays 54.

So the question being on the adoption of the resolution.

Mr. Chilton said, that as he believed if this subject was to be taken up, so ought the joint resolutions from the Senate, declaring the reasons of the Secretary of the Treasury, for the removal of the deposits insufficient; and the one for removal of them to the Bank of the United States; and he moved an amendment to the resolution to that effect.

The Speaker decided that this amendment was not in order.

A desultory conversation on the point of order arose, in which Mr. Archer, Mr. Williams, Mr. Anthony, Mr. J. Q. Adams, and Mr. Boon, participated. After which, the resolution of Mr. Polk was finally adopted.

The House then adjourned.

IN SENATE, Saturday, June 21.—The clerk of the House was introduced, who communicated the following joint resolution, passed by the House:

Resolved, by the Senate and House of Representatives of the United States of America, in Congress assembled, That a committee be appointed, on part of this House, to join such committee as may be appointed by the Senate, to consider and report by what token of respect and attention it may be proper for the Congress of the United States to express the deep sensibility of the nation on the event of the decease of General Lafayette.

Mr. Chambers said, as he was disposed to manifest the highest sense of respect for the memory of Gen. Lafayette, he moved that the appropriation bill be laid on the table for the present, and that the Senate proceed to the consideration of the joint resolution, which was agreed to.

The resolution was then read; when Mr. Webster moved that the Senate concur therein. The motion was immediately agreed to.

A committee of thirteen was ordered to carry the resolution into effect.

The General Appropriation Bill was further considered.

Mr. Chambers moved to strike out the provision for the salaries of the Secretary of State, the Secretary of the Treasury, and the Attorney General.

rel, on the ground that those officers were not nominated to the Senate but at.

Mr. Webster's suggestion, he did not press the motion, and no further amendment being proposed the bill was reported to the Senate, and on motion of Mr. Webster, it was postponed to Monday next.

And the bill to establish a port of entry at Natchez, Mississippi.

Ordered to be engrossed, and read a third time.

The bill granting pensions to the legal representatives of the French seamen killed at Toulon, and to those who were wounded, by the accidental firing of shotted guns from the frigate *United States*, while engaged in a salute, was read a third time, and passed.

The Senate then adjourned.

HOUSE.—After the Journal was read, Mr. J. Q. Adams rose and said, that on entering the Hall, a few minutes since, he had been for the first time informed, that intelligence had been received of the great calamity which had lately befallen the friends of the rights of man throughout the world, by the death of a most distinguished and venerable individual in France. Since he had received the information, he had not time to propose any definite proposition for the action of the House; but it was an occasion which rendered it proper for Congress to adopt some measure to express the sense this nation entertained of the character and services of the great man whose loss we were called on to deplore. It had occurred to him (Mr. A.) that the most proper mode of paying the respect due to his memory would be to refer the subject to the consideration of a joint committee. He would, therefore, as soon as he could draw up such a resolution, move that a joint committee of the two Houses of Congress be charged with reporting the proper mode of testifying the respect which this nation entertained for the memory of General Lafayette.

In a few minutes Mr. Adams prepared and presented the resolution, which, after undergoing some modification, on suggestion of Messrs. Cambridge and Wayne, was adopted, as is given above in the Senate proceedings.

The bill to regulate the value of gold and silver foreign coin, was after some discussion as to its proportions, finally adopted.

After passing some private bills, the House adjourned.

IN SENATE, Monday, June 23.—The General Appropriation Bill for the diplomatic and civil expenses of the Government, was again taken up.

Mr. Chambers gave notice, that circumstances had occurred, which would render it unnecessary for him to renew the proposition which he suggested on Saturday, to strike out the salaries for the Cabinet Ministers not nominated.

Mr. Clayton moved further to amend the bill, by adding an additional section, providing for the pay and mileage of the Hon. Eliza R. Potter, while attending here to contest the election of the Hon. Asher Robbins, as a Senator from Rhode Island. Mr. C. said he made this motion under instructions from the committee on the Judiciary, though, he would vote against it himself.

The amendment was supported by Messrs. Wright and Kane, and opposed by Messrs. Poinexter and Sprague; when,

Mr. Webster moved to amend the amendment, so as to provide only for the travel of Mr. Potter to the seat of Government, and his attendance of one day, and Mr. Robbins was declared the sitting member; which having been rejected, yeas 16, nays 21, the question occurred on the original amendment of the Committee and it was adopted by the following vote:—

Yeas, Messrs. Benton, Bibb, Brown, Chambers, Grundy, Hendricks, Hill, Kane, King of Alabama, Knight, Linn, Preston, Robinson, Shepley, Sillsbee, Falknadge, Tyler, White, Wilkins, Wright—20.

Nays—Messrs. Black, Clay, Clayton, Ewing, Forsyth, Frelighuysen, Kent, King of Georgia, Leigh, Mangum, Naudain, Poinexter, Porter, Prentiss, Smith, Southard, Sprague, Tomlinson, Webster—19.

Mr. Robbins of R. I. was present, but declined voting.

Mr. Poinexter then renewed the amendment which he moved in committee of the whole, making it obligatory on the Government to pay the appropriations in notes at par value, at the place where they are paid, and asked for the yeas and nays, which were taken as follows:—Yeas 22, Nays 16.

On motion of Mr. Wilkins, the Senate then went into the consideration of Executive business, and after the doors were opened, the Senate adjourned.

HOUSE.—On motion of Mr. Polk, the rule by which this day was set apart for the reception of memorials, &c. and the House then took up the Harbor Bill.

Various amendments were made to the bill, but before taking the question on it being engrossed, the House at a late hour adjourned.

IN SENATE, Tuesday, June 26.—The resolutions submitted by Mr. Poinexter for continuing the investigations of the Committee of Public Lands during the recess of Congress, relative to the frauds alleged to have been committed in land sales, was adopted.

The Senate then went into the consideration of Executive business, and continued to a very late hour.

HOUSE.—The bill granting pensions to the French seamen, &c. wounded at Toulon, by firing a salute from the U. States frigate, was amended, and passed.

The Fortification Bill was discussed for some time, and then laid on the table to be called up hereafter.

The House then took up the bill to regulate the terms by which the deposits are to be held in the State Banks.

Mr. Polk advocated the bill, and it was opposed by several members. After a long debate the previous question was called, and the Bill was finally read a third time and passed, by yeas 112 to 89, and sent to the Senate for concurrence.

GENERAL LAFAYETTE.

Mr. Adams obtained leave to make a report from the Select Joint Committee, on the subject of the death of La Fayette and reported the following resolution:

Resolved, &c., That the two Houses have received with the profoundest sensibility intelligence of the death of General La Fayette, the friend of the United States, the friend of Washington, and the friend of Liberty.

Sec. 2. And be it further resolved, That the sacrifices and efforts of this illustrious person, in the cause of our country, during her struggle for independence, and the affectionate interest which he has at all times manifested for the success of her political institutions, claim from the Government, and from the People of the United States, an expression of condolence for his loss, veneration for his virtues, and gratitude for his services.

Sec. 3. And be it further resolved, That the President of the United States be requested to address, together with a copy of the above resolutions, a letter to George Washington Lafayette, and the other members of his family, assuring them of the condolence of this whole nation in their irreparable bereavement.

Sec. 4. And be it further resolved, That the members of the two Houses of Congress will wear a badge of mourning for thirty days, and that it be recommended to the People of the United States to wear a similar badge for the same period.

Sec. 5. And be it further resolved, That the Halls of the Houses be dressed in mourning for the residue of the session.

Sec. 6. And be it further resolved, That John Quincy Adams be requested to deliver an oration on the life and character of GENERAL LAFAYETTE, before the two Houses of Congress, at the next session.

The resolution was read twice and ordered to be engrossed for a third reading, by an unanimous vote.

The bill providing pensions for the families of the French seamen killed and wounded at Toulon, as amended in the House was then read a third time and passed; and—The House adjourned.

CONGRESS.—In the House on Monday last, the resolutions from the Legislature of Rhode Island presented by Mr. Burges, for the restoration of the deposits, and re charter of the Bank, coming up as the unfinished business—

Mr. Pearce having the floor from the last petition day—

Mr. Fillmore suggested the propriety of postponing until the States were gone through, all the memorials which were the orders of the day.

Mr. Pearce declined postponing his remarks and went on to reply, at considerable length, to the arguments advanced by his colleague, on the last petition day, and contended that the resolutions presented by Mr. Burges, did not truly express the voice of the People of the State, and ought not even to be considered an expression of the will of the Legislature the Senate having disagreed thereto. He avowed himself friendly to a National Bank, with a moderate capital; although he was opposed to the present Bank of the United States; and he hoped to see, ere long, such a bank incorporated by Congress, as he believed they had the power to sanction.

Mr. P. proceeded to a course of animadversion on the matter in the resolutions, in which the local politics of the State of Rhode Island were incidentally discussed, and allusion made to the character and purposes of the Hartford Convention (the Memorial having been drafted by a former member of that body.)

Mr. Burges replied in a strain of severity to the remarks of his colleague; and in the course of his observations referred to a recent history of the proceedings of the Hartford Convention, as completely vindicating the memory of that celebrated assemblage.

Mr. Pearce rejoined, and, as heretofore, much personality was introduced on both sides.

The altercation was at length ended by a motion of Mr. Deany, to lay the memorial on the table; which was agreed to.

The U. S. ship *St. Louis* has arrived at Pensacola, from a cruise; all on board are reported to be in good health. She had touched at Vera Cruz and Tampico. At Vera Cruz the yellow fever was raging fearfully.

BY MAILS.

NEW ORLEANS, JUNE 7.

As our our is prone to exaggerate in these matters, we have the trouble to ascertain from the proper authorities, the number of funerals in New Orleans lately.

During the last month of May, 491 persons were buried.

During the first five days of June, 90 persons were buried.

Ten years ago, the average number of interments per month, was about 120. Setting down the increase of population in New Orleans, at 59 per cent. in ten years, the monthly interments, were the city healthy, should not exceed 180.

SAVANNAH, JUNE 21.

We have made enquiries of several Planters, living in various directions from the city, who all concur in stating that the crops, though backward from want of rain, are very promising. A gentleman who has planted on one of the Sea Islands nearly thirty years, informed us, that he never saw his crop more promising at this season of the year than it is at present.

WASHINGTON, JUNE 25.

The Board of Commissioners under the Convention with the Two Sicilies, have terminated their fourth session.—We understand that the Commissioners have disposed of all the cases ready for trial up to this date.

PHILADELPHIA, JUNE 23.

EXPLOSION.—One of the Powder Mills belonging to Mr. Dupont, near Wilmington, Del. was blown up, at about half 7 o'clock, on Friday evening last. One person was killed, and about one thousand pounds of powder blown up. We have not heard what caused the explosion.

NEW YORK, JUNE 21.

It will be recollected that a package of money amounting to upwards of \$4000, together with a number of drafts belonging to some of our brokers, was carried off by N. Sylvester of Philadelphia, to whom it had been entrusted for conveyance to that city.

Yesterday morning an anonymous letter was received here postmarked Charleston, June 15th, enclosing the drafts. It is feared that Sylvester has left the country.

JUNE 24.

FROM LIBERIA.—Accounts from this colony give intelligence of the death of Rev. S. O. Wright, Methodist, and the Rev. Messrs. Matthew Laird, and John Cloud, Presbyterian Missionaries together with that of Mrs. Laird.

The colony is represented as generally healthy, but it would seem that there is a great lack of prudence and economy, and that evils exist which require time and correct information to remove.

JUNE 25.

ANOTHER FIRE IN GREENWICH.

This morning, at one o'clock, a fire broke out in the centre of the square bounded by Hudson, Grove, Barrow and Bedford street, which levelled with the ground every building contained in it.

The fire is stated to have commenced in a stable adjoining the buildings mentioned above, owned by Mr. Jacobus, which was also entirely destroyed, together with three horses, belonging to Mr. Lawson, Mr. Van Vleet, and Mr. Westervelt, cartmen.

On Barrow street was a block of four two story brick front buildings, owned by Mr. Peter Booth, which at one period were threatened with destruction, the roofs of all being in a sheet of flame.—By the prompt and judicious efforts of the firemen they were saved, although much injured.

The destruction of furniture at this fire was very considerable, and no small quantity of it was pillaged, particularly by a set of abandoned females, who swarmed in great numbers round this scene of havoc.

JUNE 26.

OLD FRENCH CLAIMS.—Mr. Livingston, at Paris, at the request of Mr. Causten, Agent of Claims, at Washington, has transmitted to the Department of State the following documents in relation to claims for French spoliation prior to September, 1800, as well as those since that period, viz:

All the books and papers left in the Consulate at Paris, by the Commissioners under the Convention of 1800.

All the papers found in that Legation relating to claims, and mentioned in the letter of Mr. Rives, to which Mr. Causten refers.

All the ships' papers, and other papers found on board the several American vessels condemned there by the Council of Prizes and Imperial Decrees.

He had also a promise that copies of all the decrees, and other judiciary proceedings, in relation to American vessels, should be made out, and delivered to him, duly certified. As soon as this is done, which he hoped would be within six or eight weeks, they would also be sent on to the Department.

The thermometer in New-York, at noon, in the shade, has ranged for several days at 84.

NEWPORT, SATURDAY MORNING, JUNE 23.

THE GENERAL ASSEMBLY.

Of this State, convened in this town on Tuesday morning last, agreeably to adjournment. A quorum of both Houses was formed at 10 o'clock A. M. and after the usual preliminaries, proceeded to business.

The Committee on the subject of the R. I. Legislative Investigation, was discharged, and the subject indefinitely postponed.

A resolution offered by Mr. Smith, of Gloucester, on the subject of Banks, was withdrawn by the mover.

On motion of Mr. Potter, the following resolution, after a short discussion, was passed.

Resolved, That the Sheriffs of the several counties in this State, be required to report to the next session of the General Assembly, the number and names, and the time of commitment to discharge, of all persons convicted of crimes within this State, for three years last past, and whether any have been convicted more than once, and if so how many times, for what offences, the cost of such convictions, and the expense of maintaining them in prison, and whether they remained in jail the whole term for which they were sentenced to be imprisoned, and if not, how much of it?

Mr. Harris, of Smithfield, introduced a bill providing for the erection of a State Prison—based on the votes of the freemen at the last Spring Election on that question, which occupied the attention of the House until the time of adjournment. Messrs. Hazard, Cranston and Potter, were in favor of postponing this business, believing that a majority of the people in the State, notwithstanding the vote last Spring, were not sufficiently enlightened on that subject, to warrant the passage of such an act by the Legislature at this time. They believed that the people would not be willing to meet the expense when they were fully convinced what the erection in support of such an establishment would cost.

The question on the postponement being taken, the result was 27 to 27—the members rising in their seats.

The Speaker, whose right it was to decide the question, wished to be excused. A motion was then made to call the House, but previous to taking the question—

Mr. Hazard moved that the first part of the resolution which provides for the erection and support of a State Prison by levying a tax, as soon as the necessary arrangements could be made, be separated from the other part, and postponed to the next session of the General Assembly. The House was then called and the question taken—"postpone"—"not"—34 voting to postpone, and 3 not.

The other part of the resolution which provides that a committee be appointed to ascertain expense, receive proposals and obtain a plat of a State Prison, &c. was agreed to. And then on motion of Mr. Potter, the House adjourned till 10 o'clock to-morrow morning.

Wednesday morning.—Immediately after the House met, Mr. Field of Cranston, called up the bill to repeal the 4th section of the Charter of the Broad-street Hotel, Providence, by which the Stock of the Corporation was made Real Estate, and the Stockholders authorized to become voters thereon.

A motion was made to postpone the further consideration of the bill until the next session, with an order of notice, which motion was resisted upon the ground that the privilege of voting was wholly unconnected with the business of property of the Corporation, and being a matter of public concern, the Legislature had a right to act upon it without notice to the Company, especially as the power to repeal or amend the charter was expressly reserved in the act itself. After much debate, which consumed nearly the whole morning, the postponement was refused by a majority of 11 votes. The bill was then postponed till afternoon.

The resolution of Mr. Harris respecting State Prison, was called up, and the following committee appointed to fill the blank, viz:—"Messrs. Stevens, Smith, Cross, Waterman, W. R. Staples, Jas. F. Simmons, and such as the Hon. Senate may add.

Mr. Cranston introduced a resolution to give power to the Town Council

Newport, in relation to the Tonro Jew-
sh Fund, for necessary repairs, &c.—
read and laid on the table.
The House adjourned to 3 o'clock.
Afternoon.—Soon after the House
met, the bill postponed in the morning—
(the Broad-street Hotel bill)—was pass-
ed, and the 4th section repealed. The
residue of the afternoon was principally
occupied in the trial of Private Petitions.
After the two houses separated,
Mr. Tillinghast presented the petition
of James F. Simmons and others, for a
Bank—referred to a Select committee
consisting of Messrs. B. Hazard, D.
Wolf, and Hoppin.
Petition of Stephen Martin and others
to alter charter of city of Providence,
read, received and laid on the table.
The House adjourned to 10 o'clock
tomorrow morning.
Thursday morning.—Mr. Waterman,
presented a bill authorizing Town-
councils to grant licenses to Temper-
ance taverns, free of duty.
The petition of the Boston and Pro-
vidence Rail Road Company, was re-
ferred to next session, with an order of
discharge.
Mr. D'Wolf from the select commit-
tee to whom was referred the petition
J. F. Simmons, and others, for a
bank charter, reported a bill incorpo-
rating the Atlantic Bank in Providence,
which after a debate, was laid on the
table.
Mr. B. Hazard then called up the re-
solution for calling a Convention to an-
d the constitutional charter of this
State, which had been assigned to this
morning.
An amendment was moved by Mr.
Hazard, to the effect that a Convention
could be called for the purpose of
amending the Constitution for the State, in-
stead of amending the constitutional
charter of the State.
Upon this motion an animated discus-
sion arose, which continued until the
House adjourned.
Afternoon.—The motion of Mr. Dodge
was rejected, and the discussion of the
Constitution occupied the House until their ad-
journment.
Friday morning.—The Bill for calling
a Convention to form a Constitution for
the State, was passed by both Houses.—
This Bill provides, that the Delegates to
the Convention shall consist of 72 mem-
bers, to be apportioned among the sev-
eral towns, according to their present
representation, and to be elected at the
August Town-Meetings.—The Conven-
tion to meet at Providence on the first
Monday of Sept. next.—The Members
not to be entitled to pay, out of the
State Treasury.—Three Hundred Dol-
lars was appropriated to pay the inci-
dental expenses of the Convention.
Yesterday afternoon, the House was
occupied principally on private bills.
A bill passed regulating the ferriage
on Bristol Ferry.
The bill to charter the Atlantic Bank
in Providence, was postponed to Octo-
ber session.
A bill was introduced, to prevent
Banks from taking more than 6 per cent.
interest.
The Assembly will probably com-
plete the election of Officers, and ad-
journ this day.

FROM CHARLESTON.
By the Steam-Ship David Brown, ar-
rived at New-York on Wednesday last,
Charleston papers to the 21st inst. were
received, from which we copy the follow-
ing articles:—
Greenville District was visited on the
14th inst. with a most terrific storm of
rain, hail and wind. The destruction
of crops, fences and timber, were im-
mense. The storm swept over a space
of country, about one mile in width, and
fifteen in width. A daughter of Capt.
Z. Benson, was struck with lightning,
and instantly killed.
James Goudonin, who robbed the
New-Orleans Canal Bank of \$41,000,
has been apprehended, and all the
money recovered but 1500 dollars.
Mr. Solomon Legare, a revolutionary
patriot, died at Charleston on the 14th
inst. at the age of 80 years.
The Steam-boat Basil Lamar was to-
tally destroyed by fire at Savannah on
the 18th inst.
The ship Hull, of Boston, took fire at
Savannah on the 17th inst. supposed
from combustion. She had on board
1000 bales of cotton, of which only 25
bales in a sound condition, will be saved
—the injury to the ship could not be
ascertained.
The Savannah Georgian denies the
report that the caterpillar is destroying
the cotton crop in the neighbourhood
of Savannah.

IMPORTANT NOMINATIONS.
The National Intelligencer of Wednes-
day last, states, that the day previous, the
following nominations made by the Presi-
dent to the Senate, for their approval, were
that day acted on, and that the following
was the result of their proceedings:—
Mr. BUTLER, as Attorney-General of
the United States, was confirmed without a
division.
Mr. TANEY, as Secretary of the Treas-
ury, rejected by a vote of 28 to 18.
Mr. STEVENSON, as Minister to
England, rejected by yeas 22, noes 23.
The Correspondent of the N. Y. Journal
of Commerce, says,—"Mr. Stevenson, it
seems, owes his rejection not so much to
his being at the time of his nomination, a
member of Congress, as to the fact, drawn
from the State Department, in reply to a
resolution of the Senate, that Mr. Steven-
son received the offer of the mission to
London, shortly after the expiration of the
last Congress, accepted it, and received or-
ders to hold himself in readiness to pro-
ceed on the mission."
ADJOURNMENT OF CONGRESS.
On Monday next, the 30th inst. the Ses-
sion of Congress will close. None of the
Appropriation Bills have yet passed either
House, and much other public business is
to be acted on, during the few remaining
days of the session.
POST-OFFICE DEPARTMENT.
In the Senate of the U. S. on Monday
last, Mr. Sprague submitted a motion, that
a Committee of five members be appointed
to examine the condition and proceedings
of the Post-Office Department, with power
to send for persons and papers, with per-
mission to sit in the recess of Congress, and
to report at the next session.
FORTIFICATION BILL.—This
Bill, (which appropriates \$100,000 for Fort
Adams) was debated at some length in the
House on Monday last, and laid on the
table. It was not called up on Tuesday.
Hon. E. R. POTTER.—By reference
to our Congressional journal, it will be
seen, that in the Senate of the U. S. on
Monday last, a section was added to the
General Appropriation Bill, for the daily
pay and mileage of Mr. POTTER, while
attending at Washington, to contest the
seat of Mr. Robbins. The vote passed by
yeas 20, noes 19.—Mr. Knight voting in fa-
vor of the motion, and Mr. Robbins de-
clining to vote.
**FUNERAL HONORS TO LA-
FAYETTE.**
In accordance with the command of the
President of the U. S. the following honors
have been directed by the Major-General,
and the Secretary of the Navy, to be paid
to the memory of LAFAYETTE, at the differ-
ent military and naval stations.
At day break, 24 guns will be fired in
quick succession, and one gun at the in-
terval of every half hour thereafter, till
sunset.
The flags of the several stations will, dur-
ing the day, be at half-mast. The officers
of the Army will wear crape on the left arm
for the period of six months.
All Officers of the Navy and Marine
Corps will wear crape on the left arm for
six months.
In conformity to the above orders, fune-
ral honors were yesterday paid at this Mil-
itary post, under command of Col. Bankhead,
to the memory of LAFAYETTE.—At day-
break, 24 guns were fired from Fort Wol-
cott, and one gun repeated every half hour
until sunset, and the flags were displayed
at half mast.
The funeral solemnities in honor of
Lafayette, were celebrated at New-
York on Thursday last. The proces-
sion moved from City Hall at 3 p. m.
through the principal streets, to Castle
Garden, where an eulogy was pronounced
by the Hon. James Tallmadge.—
The bells were tolled during the time
the procession was moving, and the
colours of the shipping were hoisted at
half mast during the day.
Revenue for 1834.—According to the
letter of the Secretary of the Treasury,
made to the Senate on the 17th inst., the
duties which accrued from the Cus-
toms in the first quarter of the present
year, 1834, amounted to \$5,344,540.
The amount which accrued in the cor-
responding quarter of last year, 1833,
was \$5,798,700.
The actual receipts for the first quar-
ter of 1834, were \$4,435,386, and for
the corresponding quarter of last year,
1833, \$6,966,437.
Some ports of small moment are no
heard from. Many duties being dimint-
ished, and some being abolished, since
last year, the importations of the past
quarter of the present year, may be
fairly said greatly to exceed those of the
first quarter of last year.
On the whole, the Secretary thinks
the revenue from customs, for the year
1834, will be equal to that of last year,
and will exceed the estimates by more
than one million.
The nett income for the two first quar-
ters of 1834, will be about \$7,600,000.

The nett income of the two last
quarters, are generally greater than
those of the two first,—the importations
of wools being larger in the two last
quarters, and paying a high cash duty.
The Secretary states, that the receipts
from Lands during the first quarter of
the present year, were \$1,398,204,
whereas the receipts from lands, for the
first quarter of last year were \$668,526.
From the two first quarters of the
present year, the receipts for Lands
will not fall short of two millions of
dollars.

BRIGHT MARKET.—Monday, June 23
(Reported for the Boston Advertiser & Patriot)
At Market this day: 322 Beef Cattle, (in-
cluding 50 unsold last week); 710 sheep; 18
Cows and Calves and 150 Swine.
PRICES.—Beef Cattle.—The Cattle generally
were not of so good a quality as last week, but
about the same prices were obtained for the
goodness. We quote prime at \$6; good at \$5
25; a \$5 75; thin \$4 50 a \$5.
Cows and Calves.—We noticed sales at \$23,
25, 27, 30 and \$40.
Sheep.—We did not obtain sufficient know-
ledge to give prices.
Swine.—Most of those at market were small,
and were sold without weighing.
(From the Boston Courier.)
PRICES OF WOOL at Boston June 23.—Prime
or Saxony Fleeces 55 a 62 cents per lb.; Ameri-
can full blood washed wool, 50 to 55 cts.; do
3-4 do, 45 to 50; 1-2 do 37 to 42; 1-4 do 30
to 35; superfine pulled lambs, 50 to 55; 1st
sort, 42 to 45; 2d do, 30 to 35; 3d do, 25 to
28; spinning 1st sort, 45 to 50 cts. per lb.
WOOL.—The market is in a very inactive
state, and must remain so, until prices become
better established. We have no sales of conse-
quence to report, and our quotations may
be considered as nominal. But little Wool
of the new clip has come into market. We do
not learn that purchases to any great extent,
have as yet been made of the growers, and an
active demand cannot be expected until the
woollen trade revives, and money is more
abundant.

Morrison's Hygeian

VEGETABLE UNIVERSAL MEDICINE

THIS IS TO CERTIFY, That SAMUEL YOUNG having given assurance of his conviction in the Hygeian Theory of Physiology, as developed by the British College of Health, London; and having furnished the necessary security against counterfeits, is appointed Sole Agent for vending the HYGEIAN VEGETABLE UNIVERSAL MEDICINE AND PUBLICATIONS, in and for the State of Rhode Island.

In confirmation whereof I have this fourth day of January, 1833, set my hand.

H. SHEPARD MOAT.

Sole General Hygeian Agent for the U. S. of America. Smith-street, Brooklyn, L. I.

This is to certify, that I have appointed the following gentlemen as Agents for vending Morrison's Hygeian Universal Medicines in this State, to wit:—Mr. Reuel H. Baker, 1 Warren; Mr. David Melville, of Wickford; Messrs. George Hammond & Co. Newport; Mr. Jefferson L. Kimball, Coventry; and James H. Tenace, in East Greenwich.

May 4, 1833. SAM'L YOUNG.

The Subscriber, being appointed Sole Agents for vending MORRISON'S HYGEIAN UNIVERSAL MEDICINES, for the State of Rhode Island, hereby gives notice, that no other person will be authorized to vend said Medicines in this city;—but for the accommodation of the public, I have appointed agents in different parts of the State, and to guard the public against impositions, they may be assured, that should any Medicines be offered for sale in this State, purporting to be Morrison's Hygeian Universal Medicines, by any person except myself, or my authorized agents, that they will be counterfeits.

SAMUEL YOUNG,
No. 107, Westminster-street.

PUBLIC NOTICE.

As some unprincipled wretches in this, and other States are imposing on the public, by vending a spurious article, purporting to be Morrison's Vegetable Hygeian Universal Medicines, of the British College of Health, London, by which nefarious practice, they not only defraud the public of their money, but jeopardize not only their health, but the lives of the credulous who are made dupes of sheer impostors.—And in order to counteract the nefarious practice of these unprincipled wretches, this is to give notice that a new label is attached to each and every package of the genuine Pills, which must be signed by every State agent, and also by a sub-agent, when sold by him, and should any pills be offered for sale in this State purporting to be Morrison's Vegetable Hygeian Universal Medicines, of the British College of Health, London, without my signature, and the signature of a sub-agent, when sold by him, that they will be counterfeits;—and the public are respectfully requested to preserve the labels on each box, in order to detect impostors.

SAM'L YOUNG,
March 21. Agent for the State of R. I.

Quarantine Regulations.

THE Board of HEALTH for the town of Newport, at a Meeting held on the 3d day of June, 1834, for the purpose of making Regulations for the preservation of the Health of the inhabitants of said Town, ordered and decreed the following

QUARANTINE REGULATIONS.

1st.—That every Vessel arriving at this Port between the 20th day of June and the 10th day of October next, from any Port or place known or suspected to be infected with the CHOLERA,—or from any foreign Port or place lying between the lat. of 45 deg. North and 45 degrees south, and every vessel arriving from any Port in the United States south of the Chesapeake Bay, including Norfolk, (Vir.) and places on the James River, notwithstanding said vessel may have stopped or touched at any intermediate Port or ports during its homeward passage, shall be carried by the Health Officer to the quarantine ground, near Coaster's harbor Island.—Provided, That vessels arriving at this port from North Carolina, Virginia or Maryland, from places not infected with Cholera, with lumber, naval stores, provisions, fruit or vegetables on board, and with no sickness on board, and no having had any sickness on board during the voyage, shall be permitted by the Health Officer to come immediately into any wharf in the town and unload her cargo, free of any expense:—and provided also, That any vessel bound to some other Port, and liable to our quarantine regulations, merely stopping at this Port to wait for a wind, shall be permitted to proceed on her voyage, if she does not anchor within half a mile of the town, nor have any communication therewith, except through the Health Officer.

2nd.—That when any vessel has been carried to the quarantine ground by the Health Officer, he shall as soon as may be, inform the President of this Board of her situation and circumstances and shall by his advice and direction, take such measures for cleansing said vessel, as are proper and necessary, and shall detain her on the quarantine ground, so long as the President shall think it expedient.

3d.—That whenever any vessel shall arrive at this Port, having any person sick on board, the President on being informed thereof by the Health Officer, shall immediately send a physician on board to examine said person, who shall report in writing to the President his true state and condition, and the nature of his disease, and the President, if it appears to him expedient, shall order such person to be removed from said vessel, and carried to some suitable place out of the compact part of the town, and there taken care of under the direction of the Health Officer, until such time as he is properly cured of his disorder, which shall be determined by the attending physician, who shall give such person a certificate that he is, in his opinion, entirely free from any contagious disease; provided always, that all the expenses that may be incurred by the removal, nursing and attendance of such sick person, shall be defrayed by himself, or by the owner or master of such vessel.

4th.—That no person shall be allowed to visit any sick person who is under the care of the Health Officer, except physicians, without a written permission from the President for that purpose.

5th.—That no person on board any vessel at the time of her being carried to the quarantine ground, shall be allowed to go on shore without the written permission of the President; and any person who shall go on shore without such permission, shall be prosecuted for so doing, and brought back by the Health Officer, and kept on board so long as the vessel shall remain on the quarantine ground.

6th.—That no person shall be allowed to go along-side of any vessel subject to the quarantine regulations, except the Health Officer; and no person shall receive any person from on board any such vessel to land within the limits of the town of Newport, when entering this harbor, after said vessel shall have passed Castle Hill;—that no boat except the Health Officer's shall be allowed to go along-side any vessel at the quarantine ground; nor shall any person whatever, except the Health Officer, go on board said vessel, without the written permission of the President; and if any person shall, contrary to this order, go on board said vessel, he shall be prosecuted therefore, and also kept on board until the expiration of the quarantine of said vessel; and if he makes his escape from said vessel, he shall be treated in the same manner as if he originally belonged to her; and that no person may, plead ignorance of the condition of such vessel, the Health Officer shall order a color to be placed in her shrouds, as soon as he ascertains she is subject to the quarantine regulations, and detain her there until the expiration of the quarantine. The Health Officer is not permitted to go on board any vessel infected with the CHOLERA, any thing in these regulations to the contrary notwithstanding.

7th.—That the President may determine what articles shall be delivered from on board any vessel at the quarantine ground, and the time and places where they shall be landed and nothing shall be taken out of such vessel without his permission.

8th.—That all the directions of the President or Health Officer, relative to the cleansing of the vessels, and the clothing and other articles on board shall be strictly complied with by the officers and crew; and the commander shall be answerable for any breaches or violations of said directions, by the people on board.

9th.—That the President shall determine at what distance from the Asylum on Coaster's Harbor Island, the Quarantine vessels shall be placed so that the health of the Port that may be lodged in the Asylum, may not at any time be in the remote degree endangered by such vessel.

10th.—That the President shall not permit any salted or dried hides, or houns, that are in a putrid state, to be landed in the compact part of the town.

11th.—That all orders and Regulations of the President, for carrying these Regulations into effect, shall be in writing, and returned by the Health Officer to the clerk of this board, to be by him placed on file in his office.

12th.—That no vessel arriving at this port with merchandise taken on board at Staten Island, or from on board any vessel at the quarantine ground at New-York, shall be permitted to enter the harbor of Newport, but shall be taken to the quarantine ground by the Health Officer, and shall be detained not less than 15 days, or until discharged by order of this board.

13th.—That any person violating any of the aforesaid regulations, or refusing or neglecting to comply with any written instructions given by the President, by virtue of the aforesaid regulations, shall on conviction thereof before any competent Court, be fined a sum not exceeding \$250, nor less than \$10, or be imprisoned not exceeding six months, at the discretion of the Court.

14th.—That if the master or other person having charge of any vessel arriving at this

port, shall evade or attempt to evade any law of the State, or any regulations of the Board of Health in relation to quarantine vessels, by making a false representation to said board, or the President thereof, as may respect the length of the passage from the last port,—or as respects the health of the people on board, at the time of arrival or at any time during the voyage, such master or other person shall pay a fine not exceeding \$250, nor less than \$50.

15th.—It shall be the duty of the Health Officer to cause the hatches of all vessels detained at the quarantine ground, while they remain there, to be kept open from sunrise to sunset, to promote a free circulation of the air.

16th.—That it shall be and hereby is made the duty of the Health Officer to inform of all violations of the foregoing regulations, which may come to his knowledge,—and if he shall neglect or violate any of the duties prescribed to him by the laws of the State, or by the Regulations of this Board, or shall permit any other person to violate the same, he shall pay a fine of \$20.

17th.—That the foregoing Regulations be published three weeks in the NEWPORT MERCURY, and a copy of them handed by the Health Officer to the Master of every quarantined vessel for his government.

A True Copy:—Witness,
B. B. HOWLAND, Clerk.

HEALTH Regulations.

At a Meeting of the BOARD OF HEALTH, Newport, June 3d, 1834. It was ordered, and decreed, That the following Regulations for preserving the Health of the Inhabitants, be and they are hereby adopted:—

1st.—That no Fish be spread upon the land within mile of the compact part of the town, and that no heaps of fish be deposited anywhere within the compact part of the Town, or in other parts of the Town within fifty rods of any public road, or in any other place within the limits of the town, unless they are covered with sand or other materials, that no putrid or offensive smell shall arise therefrom.

2d.—That dead horses, hogs, and other animals, shall be so buried, that there shall be at least two feet of earth upon them, or that they be carried off into the harbour at least a mile from the compact part of the town, and sunk, by having stones or other weights attached to them; and that such as may be carried to Easton's beach, shall not be thrown into the sea, but shall be buried in the sand, either on the beach, or on the marsh adjoining thereto.

3d.—That no person suffer his sink gutter or other drain for conveying away foul water, to run into a street, lane, or on any wharf in town after the 20th day of June inst. to the 1st day of Nov. next.

4th.—That no person erect any hog pens in any of the streets, lanes or alleys in this town, and that all hog pens be at all times kept as free from offensive smell as the nature of the case will admit.

5th.—That no heaps of dirt, or manure, be deposited in any of the streets, lanes or alleys, in this town.

6.—That the Inspectors of Nuisances, or such of them as the Board of Health may select and instruct for that purpose, whenever the said Board may deem expedient to direct visit and examine all the yards and enclosures privy's, sink holes, slaughter houses, and hogs pens, together with such cellars as they may suspect to be in an unwholesome condition in the compact part of the town, to ascertain whether the aforesaid Regulations have been properly complied with, and whether they are generally in a cleanly state; that they report to the President or the Board, all such persons who have neglected or refused to comply with the regulations or whose premises are in an offensive or unwholesome condition.

7th.—That all violations of the aforesaid Regulations, be punished by a fine not less than \$1, or more than \$20, at the discretion of the Court before which the case shall be tried. It is hereby recommended to the Citizens residing in Thames-Street, and in Market and Washington-Squares, to cause the space in front of the Estates they respectively occupy, to be swept at least once in two weeks, to the middle of the street.

Ordered, That the foregoing Regulations go into operation on the 20th day of June inst. and continue until the 1st day of November next,—and that they be published three weeks in the Newport Mercury.

A True Copy:—Witness,
B. B. HOWLAND, Clerk.
